GLOBAL PLANET PRODUCTS EXPORT PVT. LTD.

ABOUT US

Global Planet Products Export Private Limited is an Indore-based export house connecting India's farming and processing base with international buyers of spices, rice, soy products, oilseeds and pulses. We work directly with farmers and processing units, and treat every relationship — supplier or buyer — as one we intend to keep for years, not a single transaction.

WHY GLOBAL PLANET PRODUCTS EXPORT

Direct From Origin

We work directly with farmers and processing units. Fewer hand-offs, tighter control, a shorter path from origin to port.

Backed by Trade Expertise

15+ years of international trade and investment advisory experience, including senior government trade-promotion roles, applied to every buyer relationship.

Built to Go Anywhere

Structured to trade with any market, not a fixed set of regions — built to meet whichever market comes next.

MISSION

To connect India's agricultural base with international markets through direct sourcing, consistent grading and reliable execution.

VISION

To build a globally recognised Indian export house for spices, rice, oilseeds and soy products — known for consistency as much as for scale.

OUR VALUES

Integrity

Terms agreed before signing, and not revised afterward to protect a margin.

Reliability

Every contract treated as a commitment, not an estimate.

Partnership

Every relationship is a long-term investment, not a transaction.

Global Outlook

Built to trade with the world, not with any one region.

Continuous Improvement

Supplier development and execution capability, as ongoing investments.

OUR PRODUCTS

Five categories, sourced and graded to the standard
each buyer's application requires.

SPICES

Cumin, turmeric, coriander, red chilli and black pepper, graded for consistency and fit to application.

- Cumin Seeds (Jeera)
- Turmeric (Haldi)
- Coriander Seeds (Dhania)
- Red Chilli (Mirchi)
- Black Pepper (Kali Mirch)

RICE

Basmati, Non-Basmati and GI-Tagged specialty rice — three categories, sold on three different bases.

- Basmati Rice
- Non-Basmati Rice
- GI-Tagged Rice (Gobindobhog, Palakkadan Matta, Ambemohar, Navara, Chakhao)

SOY PRODUCTS

Whole soybean and soybean meal, serving both the food and feed value chains.

- Soybean
- Soybean Meal

OILSEEDS

Sesame seeds, natural and hulled, graded for purity and oil content.

- Sesame Seeds (Til) — Natural
- Sesame Seeds (Til) — Hulled

OTHER PRODUCTS

Chickpeas, bengal gram, maize and banana, graded to the same standard as the rest of our range.

- Kabuli Chickpeas (Kabuli Chana)
- Bengal Gram (Desi Chana)
- Maize (Makka)
- Banana (Kela)
